

LEVI DUBBELMAN

ETO CADET

PROFILE

I am a student at the New Zealand Maritime School, currently progressing through the Diploma in Marine Electro-Technology. As of May 2019, I am able to go to sea as an ETR/ETO Cadet with ENG1 and STCW95 to complete my COC.

EMPLOYMENT HISTORY

2017
Pres.

Director

Kowhai Computers, Ltd

Auckland, NZ

Kowhai Computers is my own company which I founded in 2017 to assist small businesses and private citizens improve their connectivity and online presence. I did this by ensuring they have the latest technology in their homes, and helping them understand how best to use it.

2016
2017

Cadet

Foreign Legion (Légion étrangère)

Aubagne, France

In 2016, I signed on with the French Foreign Legion, where I completed basic training and politely turned down a five-year contract. It gave me the discipline and focus I needed, and opened up overseas opportunities, especially in France, that I never could have expected.

2012
2016

Manager

Dick Smith Electronics

Warkworth, NZ

My first job out of high school taught me a great deal of skills. It took my passion for electronics and shaped it into a marketable skill. Unfortunately, Dick Smith began liquidation in 2016, while I was managing their Warkworth branch.
